This contemporary home located in East Aspen and is full of fun and art. You are met at the front door with art sculptures and a sophisticated exterior. There are panoramic views from the North Star Preserve down to Aspen Mountain. The house is fully air-conditioned, has a fun LED lighting system where you can change your light colors in each room from normal to a full range of colors. It has state of the art technology including satellite TV/audio with whole house distribution, high speed Internet access, a sophisticated electronic lighting system and automated shades. Other amenities include home gym, sauna, outdoor Jacuzzi for 8 people, outdoor barbeque, radiant floor heating and air conditioning. East Aspen has the special service for all residents with access to "Dial a Ride" that comes directly to the home to take you anywhere in downtown Aspen and will pick you up and return you to your home. The two-story living room is comfortable yet contemporary with glass sculpture stairs leading from the entry to the large entertaining space with views from Independence Pass, Aspen Mountain down to Highlands. Enjoy the fun of the bar area off the living room that connects to the large kitchen ultra-modern and fully-equipped with a breakfast area. There is a kitchen computer work area that opens onto the deck outside. The dining room seats 10. There is a full office that has a queen size sofa sleeper and a half bath. The Master Bedroom has a king size bed, elegant oversized bath with steam shower and Jacuzzi tub with plenty of closets. There is a guest master with a King bed and sitting area has a large bathroom that includes a sauna. One of the guest rooms has a queen with bath en-suite and one guest room has two twins with a bath en-suite. This home is approximately 3,600 square feet. The home has a one car garage and parking for two additional cars. Enjoy the fun, views, door to door service into town and the wonderful hot tub to sip wine on those snowy nights in Aspen.
