

FIFTH AVE PENTHOUSE

800 SOUTH MILL #304

Aspen Contemporary Remodel

Thoughtfully designed space located right on Aspen Mountain. Down-to-the-studs remodel, this contemporary core condo features two bedrooms two and half bathrooms and a loft bedroom.

The main living area is two stories with an open kitchen, living/dining room and an open loft. The two-story floor-to-ceiling windows provide natural sunny light and impeccable views of Shadow Mountain and downtown Aspen. The living room has a sectional sofa, a large screen smart TV, a wood-burning fireplace and dining room area that can seat 6 to 8 people including the kitchen bar.

The kitchen counter has additional seating for 3 more. The kitchen features: Induction Stovetop by Miele, top notch appliances, stainless steel fridge, dishwasher, brand new cookware, glassware and coffeemaker.

The Master Bedroom has a king size bed, and the adjoining master bath has a steam shower with dual sinks. There are dimmable reading lights and a large screen smart TV. It can be entered privately from the outside as its own entry door.

The Guest Bedroom has a high-quality Queen-size sofa sleeper, Smart TV and a private patio overlooking Aspen Core. There is a bathroom with a tub/shower and sink. The loft bedroom has a King size bed that can be converted to a split king and there are built in dressers and closet as well as a half bathroom.

Located at the Fifth Avenue Condos, this well-appointed unit has an unassigned parking for one, a ski locker, and a pool and hot tub. The free Downtowner App will pick you up and deliver you around town.
