## HUNTER CREEK CONDO

## Property Description

This is a beautifully remodeled Hunter Creek Condo has 3 bedrooms and 2 bathrooms. It is located on the ground floor and has a back patio that goes out to a large lawn and trees. The condo is chic yet very inviting. The new black cabinetry and grey stone counters in the kitchen artfully contrast the bright white walls and neutral floor tone to create a cozy luxury feel while the back patio invites in the private green space with views of Smuggler. The minimalist and efficient design allow the unit to feel spacious well beyond its 994sf. Situated directly across from the pool, hot tubs and tennis courts, with mountain views right out the front door and trailheads a stone's throw away, this is indeed a retreat in the mountains! There is a parking space that comes with the unit and if you want to take a bus into town the shuttle is only 2 blocks away and drops you right at the base of Aspen Mountain.
